

ADHAR TYAGI

Front-End Developer | UI/UX Designer | Web Developer

Dehradun, India | 8171034485 | adhartyagi1234@gmail.com | linkedin.com/in/adhartyagi | github.com/adhartyagi

SUMMARY

Front-End Developer and UI/UX Designer with hands-on experience building responsive, user-friendly web applications using HTML5, CSS3, JavaScript, and React.js. Equally skilled in UI/UX design — wireframing, prototyping, and crafting clean, intuitive interfaces in Figma — with a strong eye for visual design and user experience. Experienced in RESTful API integration and version control with Git and GitHub. Completed hands-on training in the MERN stack and Python fundamentals, with a quick-learning mindset and a track record of shipping real-world projects end to end that balance solid front-end code with thoughtful, user-centered design.

TECHNICAL SKILLS

- Languages & Core:** JavaScript (ES6+), HTML5, CSS3, Python (fundamentals)
- Frameworks & Libraries:** React.js, Tailwind CSS, Bootstrap
- UI/UX Design:** Wireframing, Prototyping, Auto Layout, Responsive Design, Figma
- Web & API:** REST API Integration, Responsive Web Design, DOM Manipulation, Logical/Algorithmic Coding
- Version Control:** Git, GitHub
- Networking Fundamentals:** IP Addressing, DNS, TCP/IP, OSI Model, LAN/WAN

PROJECT EXPERIENCE

Personal Portfolio Website | [portfolio-adhar-tyagi.vercel.app](#)

- Designed and developed a fully responsive personal portfolio website using HTML, CSS, and JavaScript to showcase skills, projects, and professional profile.
- Applied modern UI/UX design principles to improve user engagement and visual appeal across devices.
- Built interactive sections including a dynamic skills display, project showcase, resume download, and contact form with client-side validation.

Task Management Web Application | [Figma Design Project](#)

- Designed a task management web application in Figma, covering wireframing, prototyping, and auto layout for a clean, intuitive user experience.
- Created fully responsive, mobile-first layouts ensuring smooth usability and visual consistency across devices.
- Delivered a polished, high-fidelity interactive prototype demonstrating the complete UI/UX design process.

Mata Mandir E-Commerce Website | [matamandirstore.vercel.app](#)

- Designed and developed a responsive e-commerce website using HTML, CSS, and JavaScript for purchasing temple-related products.
- Built structured product sections with images, pricing, and an organized layout for better accessibility.
- Delivered practical experience building real-world, business-oriented websites for online product showcasing.

ArchPixel Studio - Multi-Service Website

- Built a responsive website integrating Web Development, UI/UX, and Interior Design service offerings.
- Implemented modern UI, portfolio filtering, and an interactive booking system.
- Focused on user experience, responsive design, and real-world business use cases.

EXPERIENCE

Web Development Intern — Y Hills | July 2023 - August 2023

- Completed a two-month hands-on web development internship covering HTML, CSS, and JavaScript.
- Built responsive websites through structured web development classes and practical training.
- Gained real-world experience applying front-end development fundamentals and best practices.

EDUCATION

- Bachelor of Technology (B.Tech), Computer Science & Engineering — JB Institute of Technology, Dehradun (2026)
- Senior Secondary (12th) — Guru Ram Rai Inter College, Muzaffarnagar (2022)

CERTIFICATIONS & TRAINING

- MERN Stack Development - hands-on training program
- Python 3.4.3 - completed course
- Data Analytics - completed course
- Digital Marketing - completed course
- Sensor Networks & Cloud IoT - completed course
- Hack-A-Thon 2024 - participant

STRENGTHS

Strong problem-solving skills • Quick learner • Ability to work under pressure • Good communication skills
